

Position Challenge

Place the shapes in the grid using the clues.

The shapes in the column on the left are all blue.	There are no triangles in the column on the right.
The green rectangle is above the yellow triangle.	The yellow triangle is between the blue circle and the yellow rectangle.
The green circle is to the right of the green rectangle.	The blue rectangle is to the left of the green triangle.
The yellow rectangle is below the green circle.	Each row has three different shapes.

1.11.1

The shapes in the column on the left are all blue.

There are no triangles in the column on the right.

The green rectangle is above the yellow triangle.

The yellow triangle is between the blue circle and the yellow rectangle.
