

Cutlery Rhythms!

I have had fun this week making rhythms using spoons and forks! I have used the forks to make pairs of quavers (cof-fee) and the spoons to make the crotchets (tea).

Can you clap and stamp the rhythm I have made like we do in class?
Remember we clap when we say 'tea' and stamp our feet when we say 'cof-fee.'

Have a go at clapping and stamping these rhythms:

I have used cocktail sticks to make a crotchet rest in this rhythm! Remember we say 'shh' when we see this rhythm.

Can you have a go at making your own rhythms using spoons and forks?

Can you clap your rhythms to somebody in your family?

Can you write your rhythms down?

I'd love to see photos of the rhythms you've created and maybe a video of you clapping and stamping them!

Good luck!

Mrs Mason 😊
